

Lead Hazard Reduction Demonstration Program Application

Dear Tenant:

Lead poisoning continues to be a major public health issue in the County of Bergen, NJ Due to the impact lead poisoning has on children of the County of Bergen- Department of Health is committed to the eradication of lead from our housing environment.

Recognizing the burden the removal of lead-based paint places on homeowners and tenants, the County of Bergen has sought methods to assist in the abatement process. In an effort to reduce the risk of lead poisoning, County of Bergen, Department of Health Services received funding from the US Department of Housing and Urban Development for the purpose of making homes LEAD SAFE. Inspectors of the Department of Health Services have identified you as an occupant of a dwelling containing lead-based paint. This is your opportunity to make your dwelling lead safe and to help ensure our children's future.

You may meet the requirements for participation in the County of Bergen, Lead Hazard Reduction Grant funds to remediate the lead hazards in your home. Applying for this program will assist you in abating your dwelling and making it lead safe. Staff of the Department of Health will be available to answer any questions you may have and to assist you in completing the application package. Attached you will find the tenant's application along with a list of the necessary documents that will be needed to complete your application.

Please respond within 10 business days to schedule an appointment to discuss the program and to review the application package. Call the **Lead Hazard Reduction Demonstration Program** at (973) 634 2796.

Sincerely,

Jessica Speer
Program Manager

Does family have anywhere to go for relocation while property is being abated?

Part 3: Financial Information (Verification of income will be needed)

Annual Income _____ Source of Income _____ Family Size _____

Certifications

The undersigned hereby makes a preliminary application to the County of Bergen for aid for Lead Hazard Control (LHC). The undersigned acknowledges that this application is made pursuant to a program offered by Bergen County and the methods for remediating lead paint, cost of such remediation and other permitted costs will be determined by the county. The undersigned further agrees to permit the remediation of lead paint in the property by a contractor approved by the county through a bid process. If appropriate, the undersigned agrees to vacate the premises while remediation is taking place. The undersigned agrees to allow access to the property to the LHC staff so that they may obtain dust wipes, perform inspections and clearance on the property as required by the LHRDP.

Because lead based paint hazard reduction work in older homes can generate lead-contaminated dust that could be dangerous to occupants, particularly young children, it will be necessary to temporarily relocate the family during the phase of rehabilitation for LHRDP assistance including notification of temporary relocation when deemed necessary.

Pursuant to NJAC 8:51-7.1, the N.J. State Sanitary Code Chapter XIII, owner is responsible for the lead abatement and relocation. However, to help reduce the financial and emotional burden of temporary relocation this agency provides some funding to offset the cost of storing personal belongings and furnishings, moving to and from the home when work is complete and in cases where the family has no alternative housing, hotel room will be provided. During the relocation

process, the owner(s) agree NOT to permanently displace the tenants of the assisted unit as a result of this undertaking. Once remediation has been completed, residents are to return to the assisted unit as determined by LHRD staff.

I, the undersigned certify under penalty of law that the information contained in this declaration is true, accurate and complete to the best of my knowledge. I understand that there are significant penalties for submitting false information, including the possibility of fines and imprisonment for knowing violations.
