

**An alphabetical listing of grant awards from the  
Trust Fund Programs from 1999 through 2022**

---

# **PROGRAM SUMMARY 1999-2022**

---

### **Open Space, Recreation, Floodplain Protection, Farmland & Historic Preservation Trust Fund**

Under State Law, the Board of County Commissioners needed voter approval to create and fund such a trust. The County of Bergen recognized the merits of a trust and, on November 3<sup>rd</sup>, 1998, placed a public question on the ballot to determine whether the County should establish such a trust fund. The ballot question was approved by a two-to-one majority of those who voted. The vote of approval allowed the County Commissioner Board to establish a trust fund, which they did via Resolution #1853 on November 24<sup>th</sup>, 1998, entitled the **Bergen County Open Space, Recreation, Farmland & Historic Preservation Trust Fund** (hereinafter “Trust Fund”).

Bergen County’s Trust Fund had an initial life span of five years, ending in 2003. Based on the success of this initial effort, the County of Bergen sought to re-authorize the Trust Fund, via a public question to the electorate on the ballot of November 4<sup>th</sup>, 2003. The ballot question was approved by a two-to-one majority of those who voted. The vote of approval allowed the County Commissioner Board to re-authorize and modify the Trust Fund, which they did via Resolution #1753 on December 17<sup>th</sup>, 2003, which took effect in 2004.

The Trust Fund is divided into two separate programs, each having its own distinct goals and objectives. The **County Program** uses Trust Fund dollars on a countywide basis for the following: 1. acquisition of land for conservation or recreation purposes; 2. development and redevelopment of land existing or acquired for recreational and/or conservation purposes; 3. beginning in 2014, the acquisition of flood-prone properties along waterways for floodplain protection via open space conservation/restoration; 4. acquisition of agricultural lands for farmland preservation purposes; and, 5. historic preservation activities such as acquisition or upgrade. Those that are eligible to apply to the County Program include: County agencies, Bergen municipalities, and non-profit Qualified Charitable organizations as per Tax Section 501(c).

The second program of the Trust Fund is the **Municipal Park Improvement Program**. Each of Bergen County’s seventy municipalities is eligible to apply to this program in order to improve their municipal open space and recreational facilities. This program is designed to supplement municipal efforts and does not serve as a full funding resource.

In September of 2011, the state’s Trust Fund Law was amended to include an additional purpose to acquire flood-prone properties, otherwise known as “Blue Acres Projects.” Based upon this amendment, the County of Bergen sought the approval of the voters, via a 2013 ballot question, to add this new program category. The ballot question was approved by nearly a two-to-one majority of those who voted. The vote of approval allowed the County Commissioner Board to amend the Trust Fund, which they did via Resolution # 1762-13 on December 18<sup>th</sup>, 2013, and renamed it the “Bergen County Open Space, Recreation, Floodplain Protection, Farmland & Historic Preservation Trust Fund.”

**The Trust Fund Public Advisory Committee**

The Trust Fund Public Advisory Committee consists of fifteen members appointed by the County Executive and approved by the Board of County Commissioners, who participate in the project review process by making final project recommendations for selection and funding. Members of the Trust Fund Public Advisory Committee are representatives from county government, municipal government, environmental organizations, and members of the public.

**Trust Fund 1999-2003**

During its first five years, 1999-2003, the Trust Fund was financed through a property tax assessment authorized annually by the county's governing body at a rate not exceeding one-half cent per \$100 of total county equalized real property valuation. It was also funded through the issuance of County indebtedness in an amount not to exceed \$20 million during the five-year period. All Trust Fund money was allocated to the Trust Fund Programs as follows: 75% to the County Program and 25% to the Municipal Program. In these first five years of operation (1999-2003), the Trust Fund collected \$23,238,929 through the dedicated property tax assessment and authorized \$19,343,558 in County capital bonding.

**Trust Fund 2004-Present**

Beginning in 2004, the Board of County Commissioners instituted the following changes in the Trust Fund via Resolution #1753 on December 17<sup>th</sup>, 2003, which resulted from the passage of the referendum question in November 2003: property tax assessment authorized annually by the county's governing body is at a rate not to exceed one cent per \$100 of total county equalized real property valuation; elimination of dedicated county capital bonding; allocation of Trust Fund money is to be 70% to the County Program and 30% to the Municipal Program; and elimination of a sunset provision for the Trust Fund's operation.

**Trust Fund Open Space Tax 1999-2022**

This chart and graph illustrate the amount of open space tax collected in each year 1999-2022. The Board of County Commissioners set the open space tax assessment rates per \$100 of total county equalized real property valuation as follows:

- 1999-2003 at ½ of 1 cent (An additional \$20 million in County bonding was also available in years 1999-2003.)
- 2004-2009 at 1 full cent
- 2010-2016 at ¼ of 1 cent
- 2017-2022 at 1 full cent

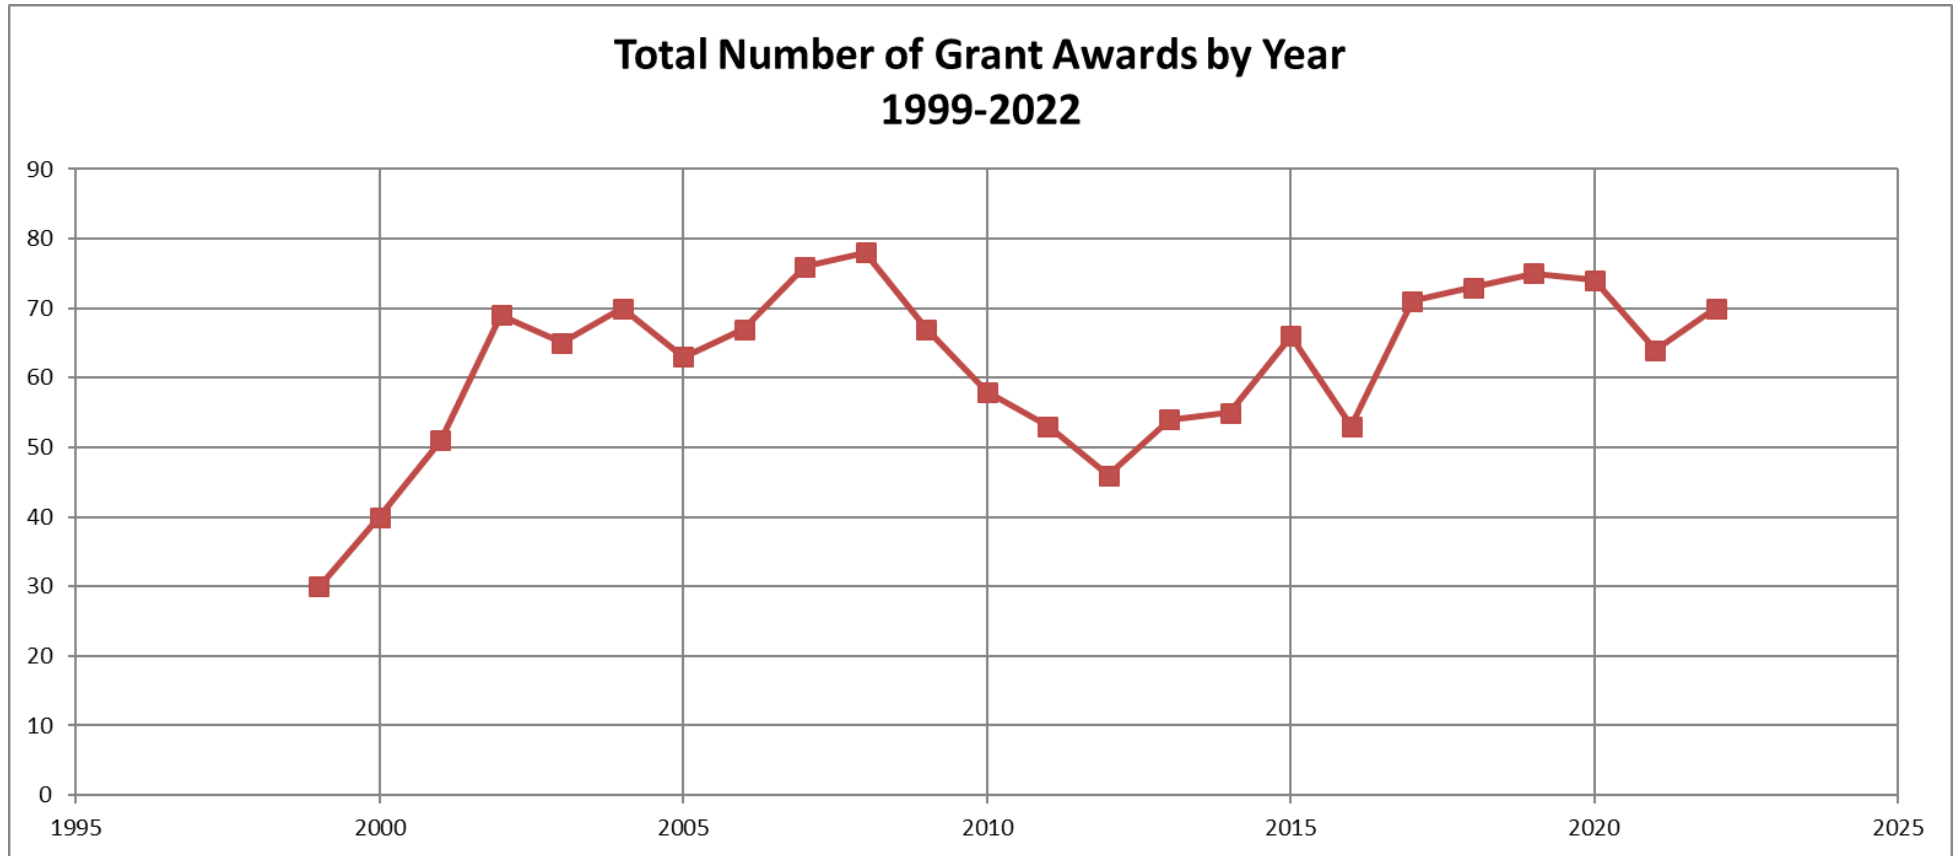

YEAR	TAX COLLECTED
1999	\$3,614,280
2000	\$4,268,955
2001	\$4,726,655
2002	\$5,249,107
2003	\$5,737,688
2004	\$12,160,170
2005	\$13,646,599
2006	\$15,398,469
2007	\$17,286,350
2008	\$18,276,751
2009	\$18,758,007
2010	\$4,585,302
2011	\$4,331,463
2012	\$4,218,700
2013	\$4,135,912
2014	\$4,057,528
2015	\$4,111,496
2016	\$4,199,094
2017	\$17,203,084
2018	\$17,636,511
2019	\$17,636,511
2020	\$18,014,399
2021	\$18,399,086
2022*	\$17,913,404
	<b>\$255,565,521</b>

\*For the first time, salary and fringe benefits for Open Space Trust Fund staff were deducted from the total available funding

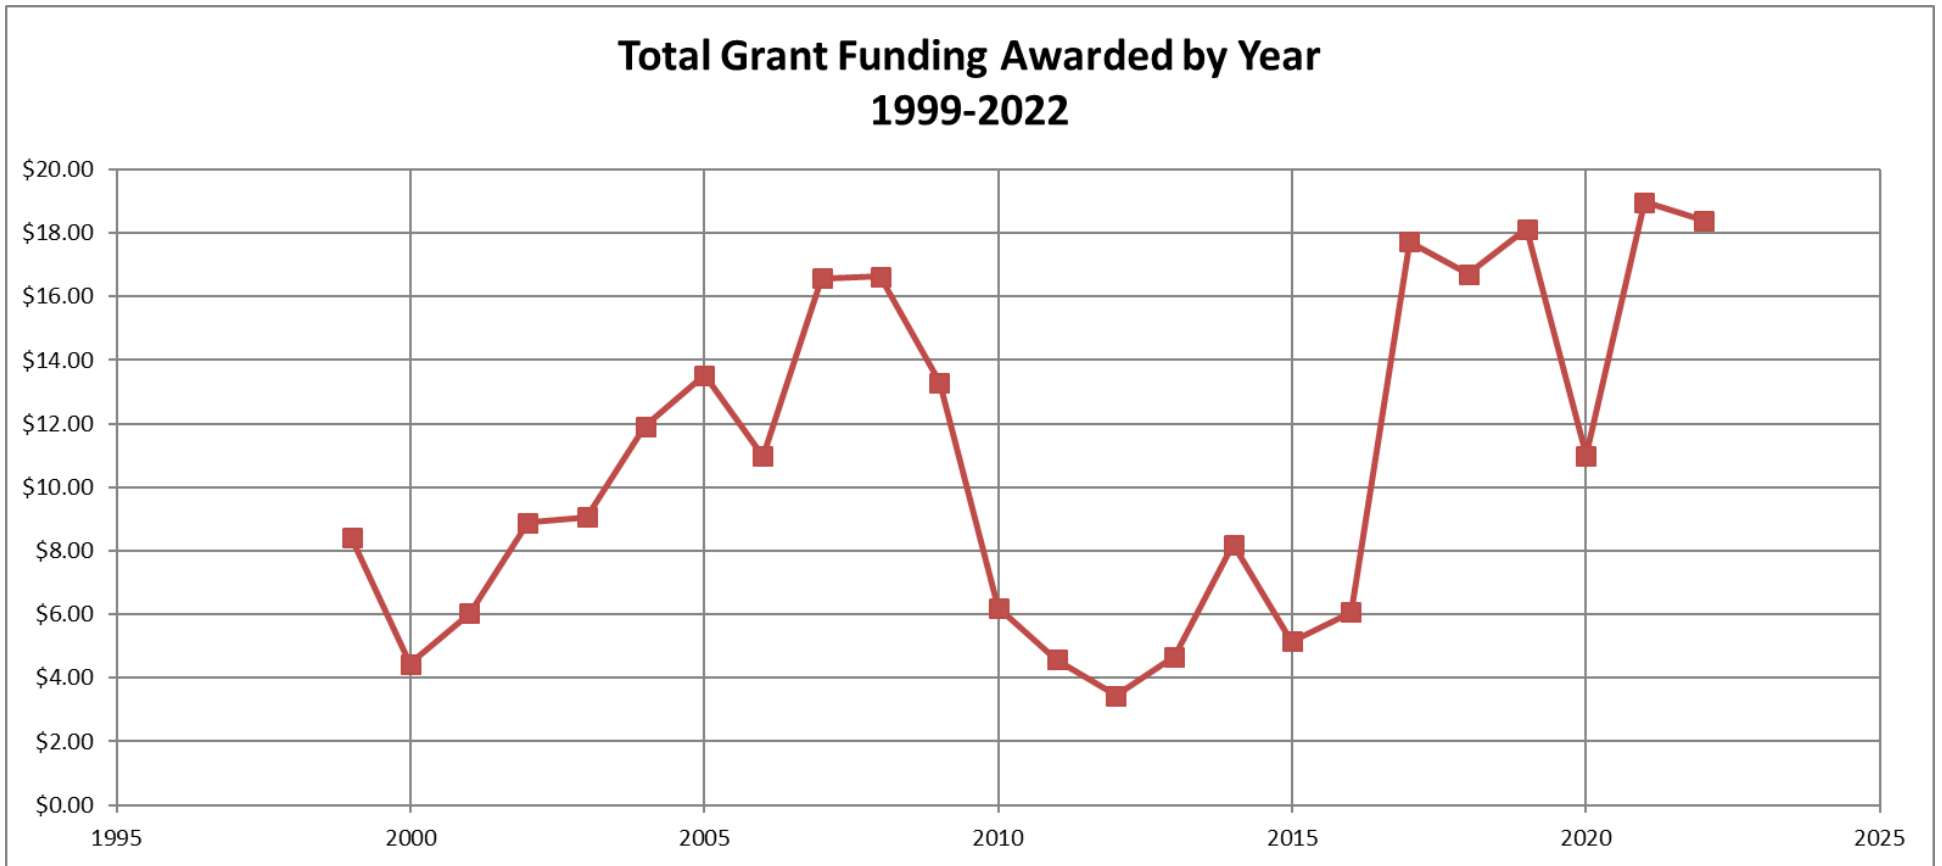

**Trust Fund Grant Award Totals**

Through the 2022 funding round, the Board of County Commissioners have provided 1,488 grants to a variety of projects located throughout all of Bergen County. The graph below shows the total number of project grant awards approved by funding year.

**Trust Fund Grant Funding Totals**

Through the 2022 funding round, the Board of County Commissioners have provided over \$258 million in grant funding to these 1,488 projects throughout the Bergen County. The graph below shows the total amount of grant funding approved, in millions of dollars, by the funding year. The list of grant awards is at the end of this document.

**BERGEN COUNTY OPEN SPACE, RECREATION, FLOODPLAIN PROTECTION, FARMLAND & HISTORIC PRESERVATION TRUST FUND**
